#### **Online Permits – Registration Process**

To apply for a permit using Online Permits, you must complete a simple one-time registration process. This registration is available to all clients that have requested and received permits in B.C.

- A valid Business BCeID account. If you do not have a Business BCeID account, you
  can apply for one at the BCeID Website at <a href="http://www.bceid.ca/">http://www.bceid.ca/</a> or call the BCeID
  Helpdesk at 1-888-356-2741 for more information. The attached <a href="mailto:guide">guide</a> is intended to
  help you complete the "Getting Started" section of the Business BCeID registration
  process.

Once you have all of this information, the Online Registration process is as follows:

- 1. Click the Online Permits Registration form
- 2. From the Logon screen click the Business/Organization link and enter your BCeID and password.
- 3. Complete the Online Registration form by filling in the relevant information and submitting it to the Provincial Permit Centre for review

The Provincial Permit Centre will then review your application and render a decision whether or not your request to access the Online Permits service is approved.

You will be notified of the decision by e-mail at the address entered on the application form. In most cases, you will receive notification within 2 to 3 business days.

If approved, you can then access the Online  $\ensuremath{\mathsf{Permits}}$  service using the link on the Online Home  $\ensuremath{\mathsf{Page}}$ .
