Commercial Transport Program

NOTICE

To All Permit Issuers, Industry and the General Public

A new user-friendly information website for the trucking industry is now available. Under the New West Partnership Trade Agreement, the single-window website helps interprovincial carriers easily access trucking information from British Columbia, Alberta and Saskatchewan.

The new website saves time and effort by streamlining access to required interprovincial travel information such as permitting, commercial transport policies, legislation, regulations and road conditions.

To access the site go to <http://www.th.gov.bc.ca/NewWestPartnership/>
