**RE: Publication of Carriers Cancelled for Cause**

Beginning July 15, 2022, the National Safety Code (NSC) program office began publishing a list of B.C. carriers who have been cancelled for cause under section 118.96 (2)(a) of the Motor Vehicle Act (MVA).

This list, contained on page two of this bulletin, is published monthly as an update to this bulletin. It only includes carriers who were cancelled during the previous 36 months.

This list does not include any carriers cancelled due to inactivity, carriers whose certificate was removed due to the dissolution of organization as recorded in BC Registries, carriers who are deceased, or carriers who chose to voluntarily surrender their National Safety Code certificate.

This measure is introduced to support:

- increased transparency from the Commercial Vehicle Safety and Enforcement Branch about enforcement actions taken against unsafe carriers; and
- greater accountability for carriers regarding the safety of our roads and drivers in British Columbia.

Applications for new safety certificates associated with the carriers on this list, including their directors or officers will be refused under MVAR 37.03 (2)(a) or (b).

No carrier that has been cancelled for cause will be exempt from this list unless otherwise deemed necessary by the NSC Manager.

If there are any questions or concerns, please contact the NSC Program Office at (250) 952-0576 or by email [NSC@gov.bc.ca](mailto:NSC@gov.bc.ca)
